Creating better and more enjoyable digital experiences for all users through empathetic and honest practices.

WORK EXPERIENCE

2019 – PRESENT

Ampere, LLC
Director of Design and Media

At this small startup, I work closely with the owner, helping bring his vision to life. I have created the website and am in charge of maintaining it as well as managing the social media accounts, creating graphics, animations, and videos.

2017 – PRESENT

Freelance
Designer

My freelance experience includes brand mark design, UI design, and web development. Interacting with clients and helping make their dreams a reality is a passion of mine.

2019

mindSpark Learning
Intern

I was responsible for updating the website on a daily basis, shooting and editing promotional video, photographing events, and creating HTML5 and CSS3 samples for a coding webinar. Some unusual circumstances during the internship further taught how to be flexible in a professional setting.

2019

Go Code Colorado
Finalist

I was on a team with three other competitors: another UX/UI designer as well as two developers. We created an mobile application that will assist individuals and small business owners in connecting with a lobbyist that can represent them in legislature. I was able to compete while going to school and working full-time.

EDUCATION

2014 – 2019

Metropolitan State University of Denver
Bachelor of Fine Arts in Communication Design

During my education at MSU Denver, I discovered a passion for UX/UI design, branding, and web development. My graduation date is December 13, 2019.
